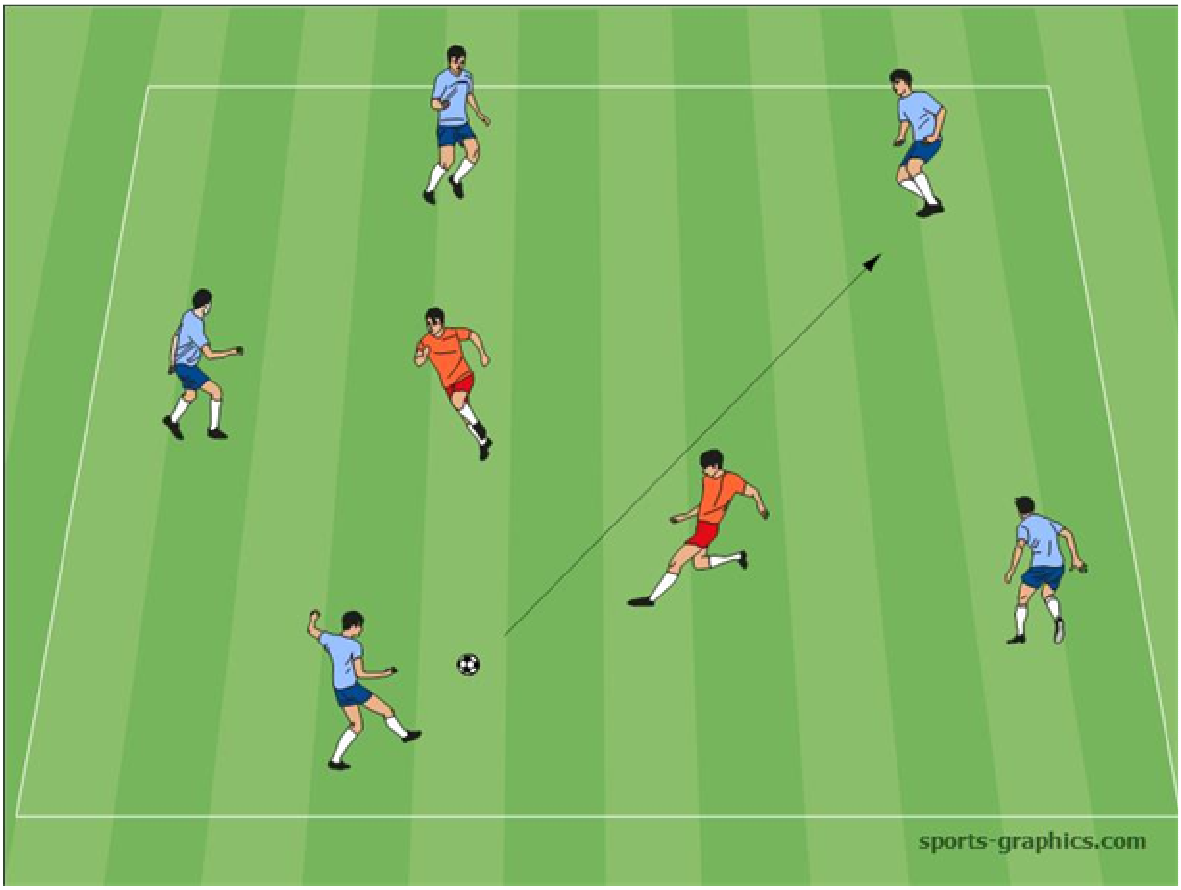
Rondo 2 - 5V2


Setup: 10X10 yard area.
Instructions: 5V2 possession game. Attackers score by splitting the defenders with a pass. Defenders score by passing to the coach. Adjust numbers as needed. Switch defenders.
Coaching Points: Pass to the feet. Turn on the 1st touch. Pass to player with the most time and space. Escape the pressure by dribbling to space if defender is too close. Don't force the split pass - be patient and play safe. Speed of play - pass early and quickly, with two touches. Be aware what the defender is taking away and what he is giving you. Take what he gives you.
