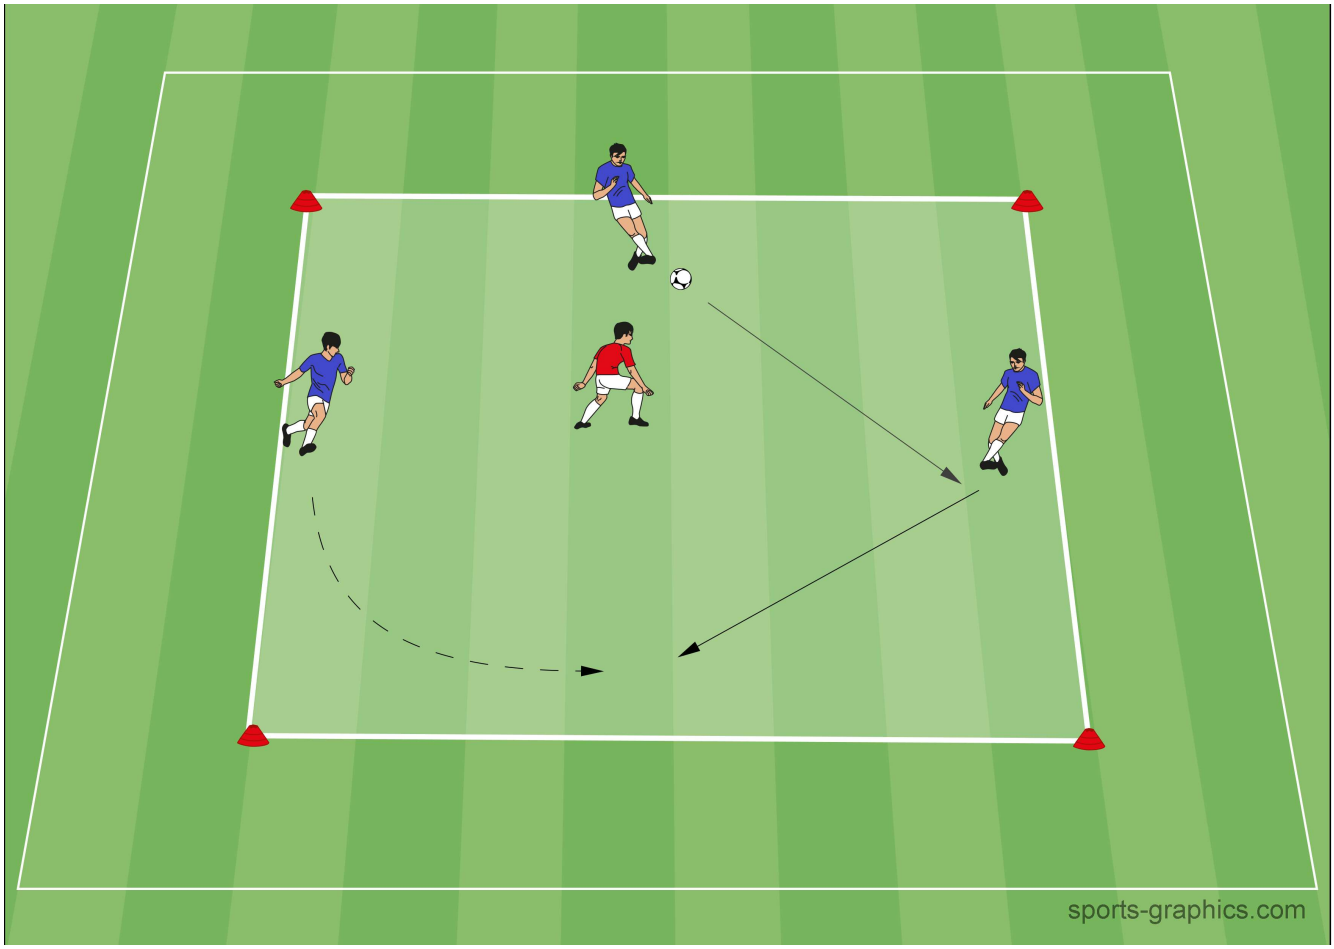
3v1 Possession Game



SETUP: 10X10 yard squares. As many squares as needed so all players participate. 3 attackers vs 1 defender.
INSTRUCTIONS: Play 3v1 until attackers or defenders get three points. Attackers score every 5 consecutive passes. Defenders score by dribbling out of the square through one side designated by the coach.
COACHING POINTS: Take a touch to the side before passing to create space. Pass to the feet. Whenever a pass is made the third attacker must run to provide a passing option on the right or left of the ball. Pass to the player with the most time and space. Turn on the 1st touch. Use deception (fakes).
