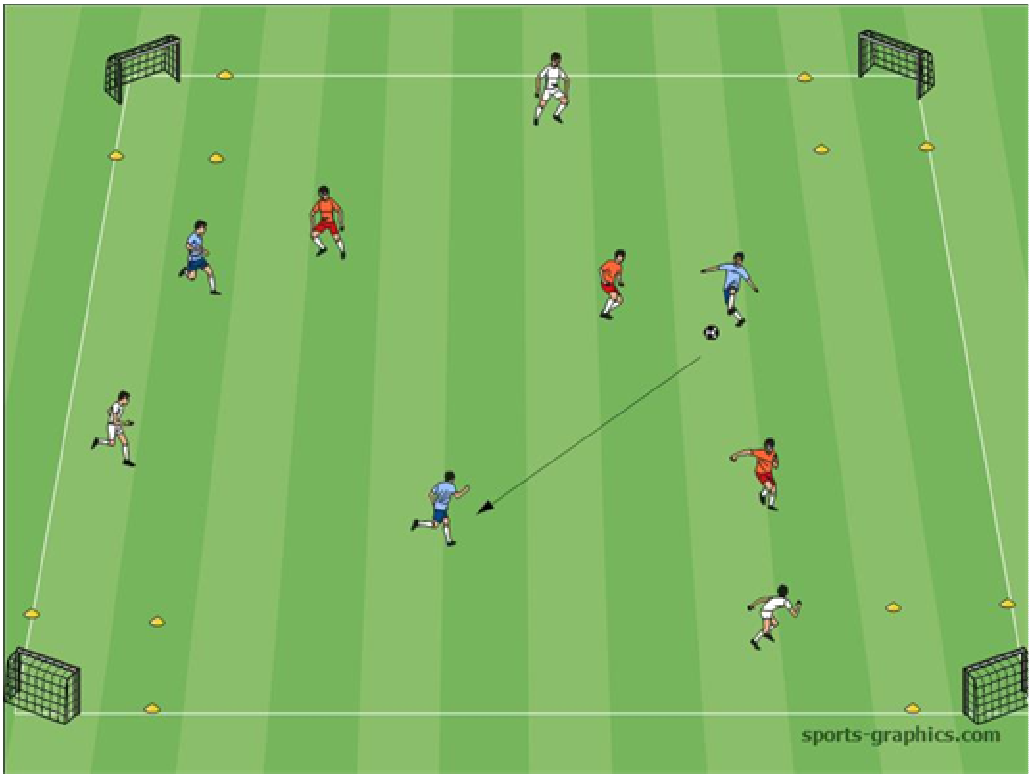
3+3 V 3 With 4 Small Goals


SETUP: 35x35 or 40X40 area. Three teams of 3 (or 3 teams of 4). Two teams combine to possess against the third team.
INSTRUCTIONS: Two teams combine against the third team. After completing 4 or 5 or 6 passes (the coach decides) the attackers can score on any goal. If the defending team wins possession they can score on any goal (no passing requirements). When anyone gets 3 points switch the defending team.
COACHING POINTS: Escape the pressure by dribbling side to side. Find the man with the most time and space and pass to the feet. Create time and space by moving to get maximum width and depth when off the ball. Look over your shoulder to be aware what options the defenders are giving you and what options they are taking away. Take what they give you. Quick transitions. Speed of play.
