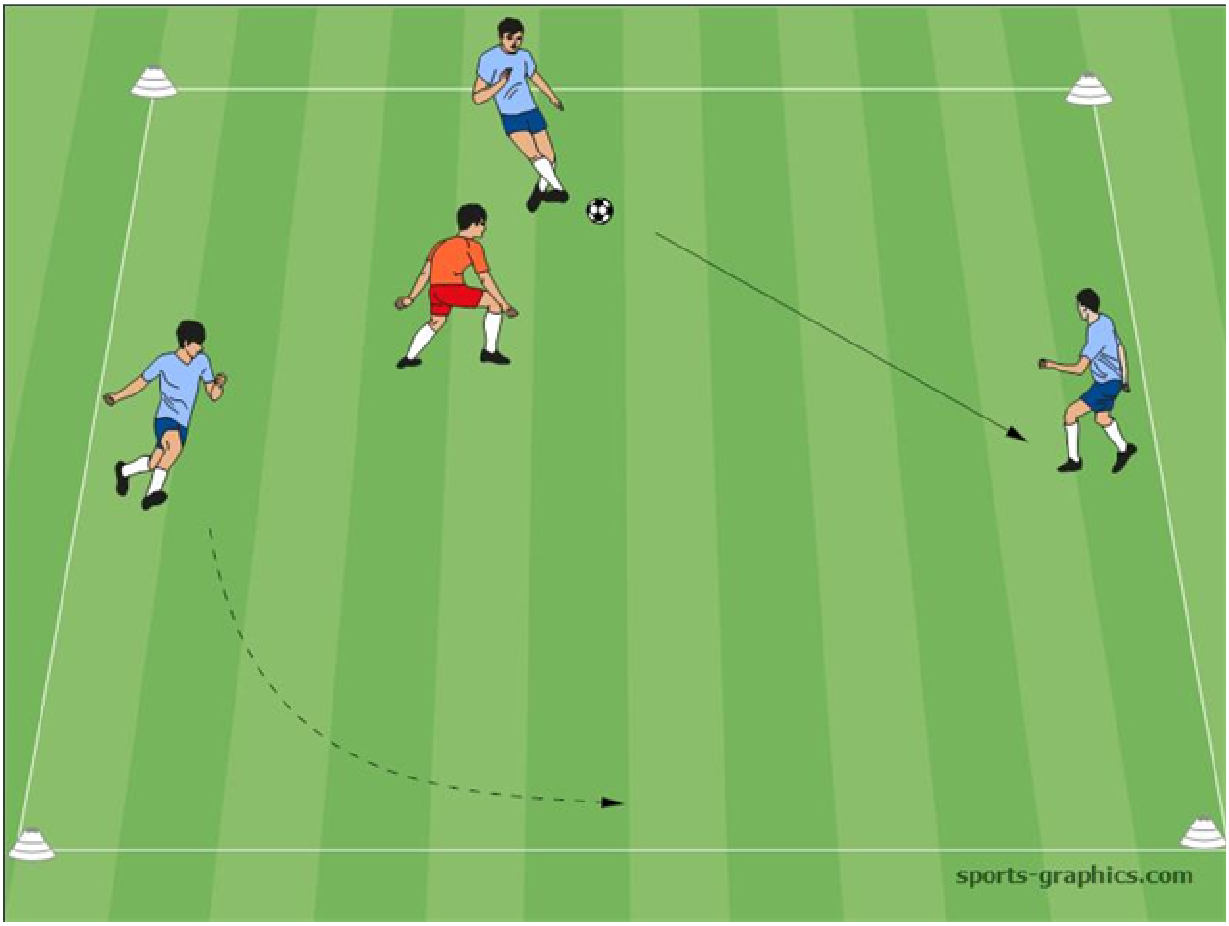
3V1 Possession


Setup: 10X10 yard squares. Two teams of four players. Each team sends one defender to the opponent's square.
Instructions: Play 3V1 until anyone gets three points. Attackers score every four passes. Defenders score by dribbling out of the square.
Coaching Points: Pass to the feet. Whenever a pass is made the third attacker has to run to provide a passing option on the other side. Pass to the player with the most time and space. Turn on the first touch. Escape the pressure by dribbling sideways if the defender is too close.
