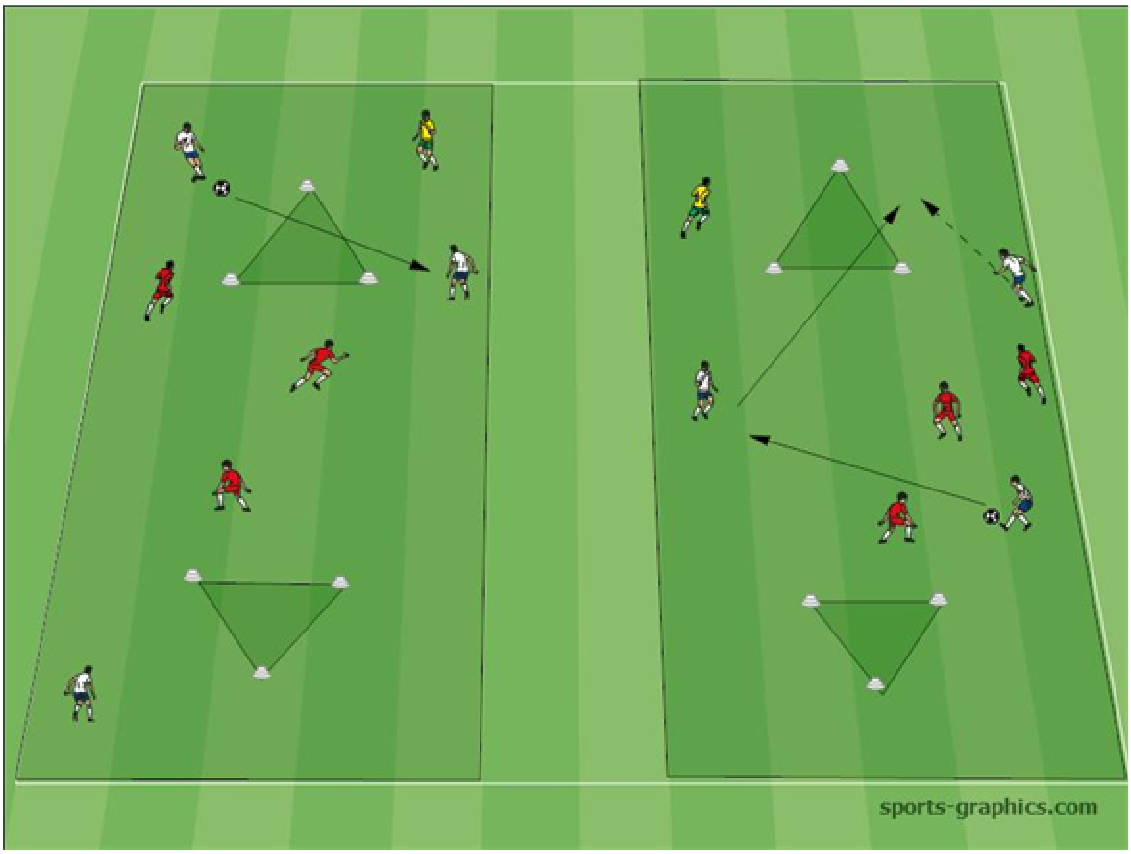
3V3+1 Triangles


SETUP: 35x15 yard area. Two small triangles at opposite ends. 3V3 plus wildcard or 2V2 plus wildcard.
INSTRUCTIONS: The team in possession scores by passing the ball through the triangles. The wildcard player plays for the team in possession. Three points wins, at which time you switch the wildcard player.
COACHING POINTS: Pass to the feet. Fast balls (no slow passes). Turn on the 1st touch. Always pass to the man with the most time and space. Run off the ball to provide safe passing lanes. Change the point of attack often and quickly. Be aware of what options the defenders are taking away, and what options the defenders are giving you. Always take what they give you.
