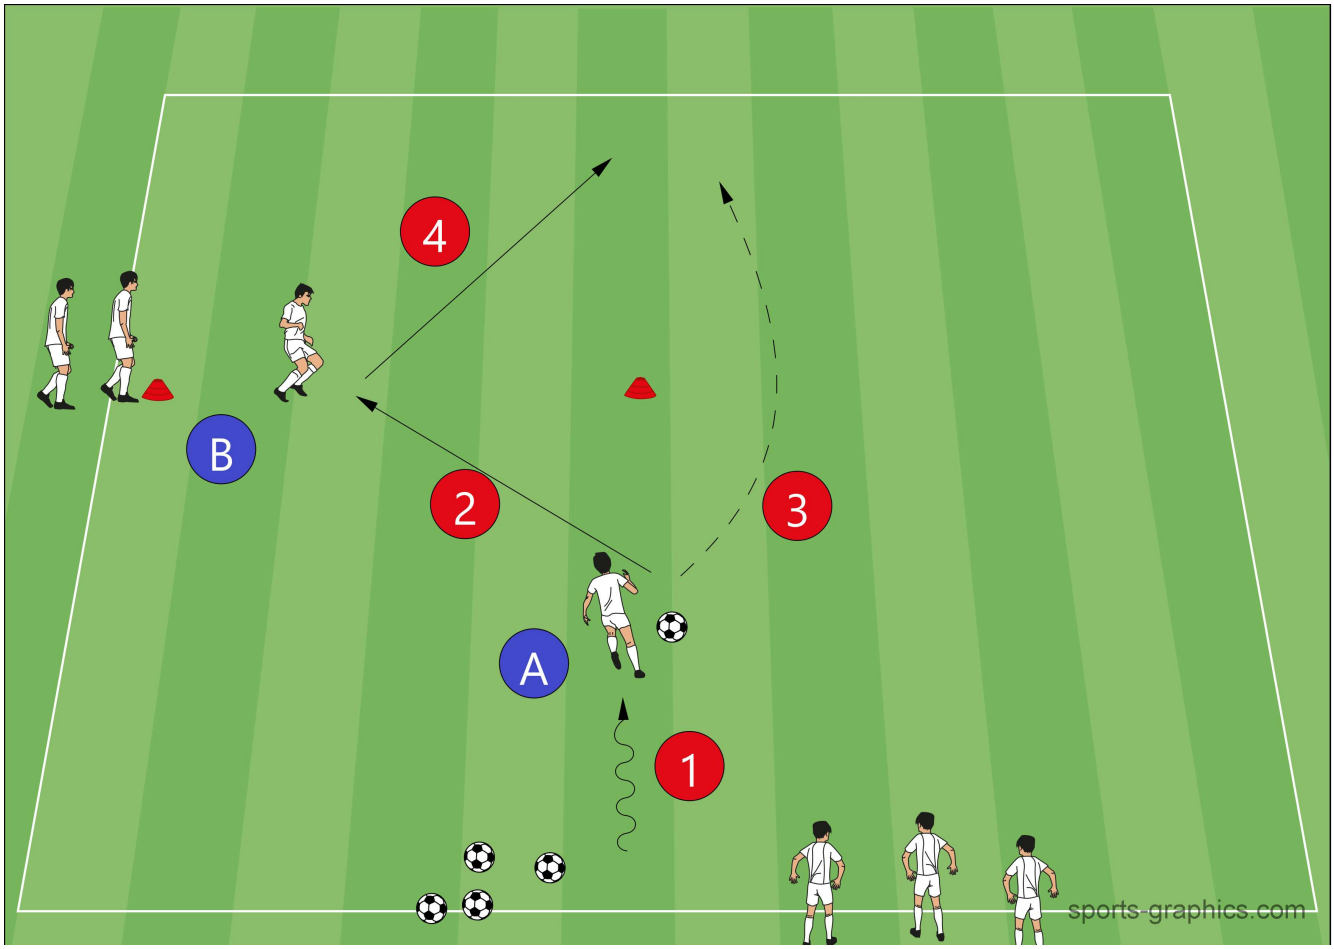
Give-&-Go Warmup - Simple



SETUP: 10x15 yard area. Two lines of players. Players on line A each have a ball. One cone in the center representing a defender.
INSTRUCTIONS: 1- Player A dribbles straight at the defender with small controlled touches using the laces. Player B positions even with the defender to provide a 45 degree angle. 2- Player A passes to player B's feet, saying "one-two". 3- Player A makes a blind side run behind the defender at top speed. 4- Player B returns the pass, one touch, behind the defender. Player A dribbles past the end line. Players go to the opposite lines.
COACHING POINTS: Dribble straight at the defender, and make the pass at the right distance - not too far, not too close. Pass to B's feet. Spring. B must return the pass one touch, at the same angle as the ball came in, behind the defender.
